 Pokhara, Nepal

EDUCATION

BSC(Hons) of Computing
Informatics College Pokhara
2024-Present

Science
Prativa Secondary School
2022-2024

SKILLS

- Problem-solving
- Python
- Java
- Basic Database Concepts
- Software Development
- AI fluency
- Git/Github

LANGUAGE

English

Nepali

About Me

I am a dedicated Computer Science student with a strong foundation in Java and Python programming. I have a good understanding of object-oriented programming, data structures, and software development concepts. I am passionate about learning new technologies, especially in the field of Artificial Intelligence, and continuously improving my problem-solving and technical skills. I am eager to gain real-world experience and contribute effectively in a professional environment.

PROJECTS

Gym Membership System

- Developed a GUI-based application using Java AWT & Swing
- Applied OOP concepts and file handling

Skin Care Product Sales System

- Built an inventory and billing system
- Implemented business logic and file operations

CityPluse

- Map-based issue reporting Photo upload for evidence Automated local news monitoring Category-based issue tracking (crime, infrastructure, sanitation) Department dashboard for city authorities

Jarvis-Voice Assistant

- Built a voice-controlled assistant with wake word detection and continuous listening
- Integrated text-to-speech for responses and automated web tasks
- Implemented error handling for improved user interaction
